Largest Quarterly Turnover  
In Recent Years is Now  
Shown

### MUCH MONEY INVOLVED

Treasury Experts Estimate Income Tax Will Show Big Gain

By Robert S. Thornburgh  
I. N. S. Staff Correspondent

WASHINGTON, Dec. 6.—Uncle Sam will have a cash and paper business December 15th of approximately \$1,865,000,000, one of the largest quarterly financing period turnovers in recent years.

Treasury experts today estimated income and corporation tax collections for the final payment of the year would total from \$510,000,000 to \$530,000,000, about \$100,000,000 greater than last December.

Other principal transactions will include retirement of \$700,000,000 in Treasury certificates, issue of \$325,000,000 in certificates and \$100,000,000 in Treasury bills. A payment of \$97,000,000 interest on the public debt, receipts of the same amount from foreign powers on their war debts, and about \$21,000,000 daily receipts and expenditures.

In announcing the December financing, totaling \$425,000,000, Secretary Mellon said that details of the Treasury bill issue would be made public December 10. This will mark the first use of bills, authorized at the last regular session of Congress. They will be sold on a discount basis to the highest bidder.

The last month of the first half of the new fiscal year started off with the government \$213,555,000 "in the hole," compared to a deficit of \$425,292,000 the same time last year.

Receipts amounted to \$1,348,562,000 an increase of \$119,000,000 over the same period last year, while ordinary expenditures were \$1,316,893,000, an increase of \$119,000,000 over the same period last year, while ordinary expenditures were \$1,316,893,000, an increase of \$23,000,000. Owing to smaller operations in the sinking fund total expenditures of \$1,561,718,000 this year were considerably under 1928.

All important items of government receipts were heavier. Income and corporation taxes accounted for \$670,517,000 a gain of about \$90,000,000, which will push the total for the complete half-year to well over \$1,100,000,000. Customs receipts were \$267,494,000, an increase of \$7,000,000 and miscellaneous internal revenue \$273,253,000, a gain of \$15,000,000. Tobacco taxes continued to show material gains more than offsetting some losses in other miscellaneous collections.

Operation of the government departments and bureaus cost \$934,719,000, a gain of over \$50,000,000. Interest costs were lighter and there was a big decline in the refund of taxes.

The perennial question as to whether it is not a shocking waste evergreens for spruce and other of thousands of down hundreds sources to cut of our timber re-Christmas trees is again being discussed. And once more the American Tree Association defends the use of young conifers for Yuletide ornamental purposes and advises those who are protesting against the alleged waste to direct their energy to educating the people as to the proper use of forests.

The American Tree Association's position on the matter is that taken by all the leading conservationists, who hold that conservation does not mean there shall be curtailment of the legitimate use of our resources but that wasteful exploitation shall be stopped. Christmas trees are a legitimate use of our forest resources. Some of those who are objecting to the cutting down of evergreens for

## BIG BUSINESS HAS JOB OF KEEPING PROSPERITY

President Hoover Turns The  
Task Over to Group  
Today

### HAS ACCOMPLISHED LOT

By George R. Holmes  
I. N. S. Staff Correspondent

WASHINGTON, Dec. 6.—President Hoover turned over to big business itself today the job of keeping the country prosperous and employed during the winter.

In the most remarkable series of maneuvers in White House history, starting with the President's first group conference and culminating in yesterday's mass meeting of the business and industrial giants of the country, Mr. Hoover underlying has demonstrated the believability soundness of the nation's business structure, and succeeded in restoring the confidence that was so badly shaken by the suggestion of stock market recessions.

Having accomplished this—which was all he set out to do—the President now considers his part of the job to be finished. He has put the government in the vanguard of the expansion movement, and pointed the way. Now it is up to business itself to carry on.

His parting advice to the business leaders who gathered here at his call was: "Go to work." And, by inference, "forget the stock market."

The assembly of some 400 of the most important business executives of the country here—the like of which Washington never saw before—revealed that the great basic industries of the country expect 1930 to be a normal, or better than normal, year.

One after another, steel, railroads, utilities, coal, construction, oil and manufacturing leaders arose and assured the conference of their intention to proceed with billions of dollars worth of improvements and expansion during the year.

The railroads are going to spend more than \$1,000,000,000 in buying equipment and extending branches in 1930; the construction industry looks forward to an \$8,000,000,000 year; the great electric and gas utilities count for

## DENIED SENATE SEAT

William S. Vare

### VARE IS DENIED SEAT IN THE SENATE

WASHINGTON, D. C., Dec. 6.—After a three-year battle for charges of slush funds in his Primary, and boss of frauds in his Election, William S. Vare, the Republican boss of Philadelphia, was finally denied a seat in the Senate today.

The Senate's verdict retired Vare to private life even though he won the Pennsylvania 1926 Senatorial Election by an official plurality of nearly 200,000 votes.

Despite his victory at the polls he never wore the Senatorial Toga since the Senate barred him at its door in March, 1927, by refusing him the oath of office. His only personal appearance in the Senate came today and Wednesday when he went upon the floor to make a personal plea for his seat—a plea committed under a special rule of courtesy but which was promptly ignored by the Senate.

Vare returned today to witness his own defeat by the vote of 58 to 22. Wilson was likewise denied a seat in the body.

## FUNERAL OF SUICIDE TO BE HELD MONDAY

Harry G. Tomlinson, Dolington, Breathed Fumes From Exhaust Pipe of Auto

### SON FINDS THE BODY

NEWTOWN, Dec. 6.—Funeral service will be held on Monday for Harry G. Tomlinson, Dolington farmer, who committed suicide in the garage on his property Wednesday.

Tomlinson was found by his son, Garfield, with his mouth near the exhaust pipe of his automobile, and a blanket wrapped about his head and the pipe.

When the boy found his father's body and could not get an answer to his calls, he summoned neighbors. Beside the body upon the ground was a note directing the First National Bank of Newtown to administer his affairs. The farm upon which Tomlinson resided was owned by him.

For the past several months the man, who was about 50 years of age, had become despondent. His wife died about 16 years ago, shortly after a daughter, Marian, was born. About one month ago Tomlinson had asked neighbors to assist him in finding a home for his daughter. It is believed he had thoughts of suicide in his mind at that time. The two children are the only survivors.

## Mrs. Katherine Banes Dies; Fell Several Weeks Ago

Death yesterday claimed a well known resident of Edgely when Mrs. Katherine B. Banes, 72, died in the private home of Dr. J. Fred Wagner.

The deceased fell on October 10th and broke her arm and due to her advanced age never fully recovered from the effects of the fall.

Mrs. Banes was a native Pennsylvanian and resided in Edgely for the past 15 years. She was a member of Christ Church, Edgely. She was the widow of the late George E. Banes.

Funeral services will be held Monday afternoon at 2:30 from the home of the son of the deceased, Herbert Banes, Radcliffe street, Edgely. Friends may call Sunday evening.

Burial will be in All Saints' Cemetery, Torresdale.

## WOMAN ADMITS KILLING MAN WHO THREATENED HER

Changes Story of Suicide At  
Her Trial Before Jury  
of 12 Men

### EXPECT VERDICT TODAY

Defendant Alleges She Had To  
Shoot in Self-  
Defense

DOYLESTOWN, Pa., Dec. 6.—(INS)—The fate of Mrs. Eleanor Kaewats, 47-year-old Quakertown housewife, and confessed slayer of Anthony Thompson, 27-year-old employee on her husband's farm was given into the hands of the jury shortly before noon today with the brief charge of Judge Samuel E. Shull, Stroudsburg jurist.

The evidence presented during the trial of the tall, thin, grey-haired defendant warranted a "first degree murder verdict." District Attorney Arthur M. Eastburn told the jury of twelve. However, he did not ask for the death penalty apparently being inclined to leave the determination of the sentence to the discretion of the jury without mentioning it.

Mrs. Kaewats was re-called to the stand today by the Prosecutor for a brief sharp cross-examination in an effort to shake her testimony that she had killed Thompson in self-defense. Defense counsel's arguments were brief and Judge Shull began his charge to the jury.

DOYLESTOWN, Dec. 6.—"I thought he was going to kill me and I shot in self-defense," Mrs. Eleanor Kaewats, 47, wife of a Delaware River boatman, on trial for her life in the court of Bucks County, testified yesterday.

She is charged with shooting to death Anthony Thompson, 27, who had worked at her small farm two miles from Quakertown for five weeks previous to the shooting on June 3.

The case will go to the jury of twelve men today, when court convenes at 10 o'clock. The trial started yesterday afternoon before Judge Samuel E. Shull, of Stroudsburg.

Mrs. Kaewats, a masculine-looking woman, dressed in a brown skirt and a man's flannel shirt with collar attached and a black four-in-hand tie, showed not the least semblance of fear during the trial. She was calm throughout the rigid cross-examination conducted by District Attorney Arthur M. Eastburn.

The woman admitted she was lying when, after her arrest last June she said Thompson committed suicide, but maintained that the confession offered in court in which she admitted killing Thompson because he kicked her and attempted to attack her was true.

The woman's husband, William (Jimmy) Kaewats, 36, is an engineer on a private yacht at the Corinthian Yacht Club, Essington, but was not present at the trial. Mrs. Kaewats is represented by two attorneys appointed by the Court, Robert E. Grim, of Perkasie, and Gordon H. Luckenbill, of Quakertown.

The only other witness for the defense was Dr. John A. Fell, of Doylestown, who examined Mrs. Kaewats in the County Prison after she was admitted. He said he found decided contusions on her stomach and marks on her arms.

Chief of Police Rhoades, a Commonwealth witness, testified that he saw black and blue marks on her arm after she was brought to Quakertown police station, and he smelled a strong odor of liquor on her breath.

Dr. John J. Sweeney, coroner of Bucks, who found the revolver under the rug and who first believed Tony to be murdered, testified that the woman was very excited when brought to the police station and at first lied about the cause of Tony's death. The only other Commonwealth witness was State Trooper Harry Christ.

## Booster Meeting Attended By Many at St. Ann's Club

There was a booster meeting held last night by members of St. Ann's Club on Dorrance street. The meeting was very well attended and after a number of talks on football there was a program of amateur vaudeville and refreshments were served.

The speakers included Kenneth L. Townsend, high school coach; John Fields and Anthony Russo.

The four acts of amateur vaudeville were given by Joseph Bracco, Silvio and Gene Clotti, Joseph and Frank Delia, William Spezzano and Frank Nocito.

Several boxing bouts were staged by members of the club.

## Milk Being Stolen Off Buckley Street Steps

Residents of Buckley street are complaining about milk being stolen from the door steps during the early morning hours.

One resident states that for several mornings a pint bottle of milk has been taken from her porch. On each occasion that the pint was stolen a quart bottle was left untouched.

## SPEAKS TO ROTARIANS

CHARLES M. MEREDITH, Sr.

Charles M. Meredith, Sr., editor, owner and publisher of the Quakertown Free Press, Quakertown, was the speaker at the weekly meeting of the Bristol Rotary Club, yesterday.

Mr. Meredith recently returned from a tour of the Mediterranean region and his discourse was entitled "Politics, present and past; history and religion in the Mediterranean region."

It was an extremely interesting talk which Mr. Meredith gave, and he vividly described conditions as they exist today, and contrasted them with those which are related in history.

## 1200 BOY SCOUTS WILL BE IN PARADE TOMORROW

One of Largest Events of Kind  
Ever Staged in The  
County

### AFTER CHAMPIONSHIP

DOYLESTOWN, Dec. 6.—One of the largest street parades ever staged in this borough is scheduled for tomorrow night, preceded by an afternoon of interesting events on the occasion of the third annual Boy Scout Day in Bucks County.

Over 1200 Boy Scouts from every section of Bucks county will be in line of march with musical organizations from the various towns. Doylestown was selected for its celebration this year because of its central location.

Boyhood and manhood together will be on parade that day. The events will get started at 2 o'clock and will continue until 10:15 Saturday night. The indoor events will be staged in the Sixth Regiment Armory, Shewell avenue.

Over 500 Scouts will take part in the afternoon program but all of the 875 Scouts, the 96 wolf cubs and more than 400 men interested in Scouting as officials and Scoutmasters will take a leading part in the day's activities. Scouts from thirty-eight troops and wolf cubs from 11 packs are looking forward to the competition.

The county championship Scoutcraft meet will take place at two o'clock in the afternoon in the armory. At 6 p. m. the American Legion Post of Doylestown, through its representative, assisted by the Girl Scouts, of Doylestown, will serve hot cocoa to the Scouts in the basement of the Masonic Temple, East State street.

Presently at 6:45 the entire county Scout organization will swing into line for the annual Scout parade. There will be eight divisions with 2100 people in line of march, led by Thomas B. Stockham, of Morrisville, president of the County Council, and his deputies.

Musical organizations in the parade will include the 1929 Camp Buccoo bugle and drum corps led by Scout James Townsend, of Langhorne; Doylestown Moose Band, Bristol American Legion drum and bugle corps, Morrisville American Legion drum and bugle corps, National Farm School Band, Perkasie American Legion drum and bugle corps, and the A. R. Atkinson Post drum and bugle corps, of Doylestown.

Scout troops will be competing for the Bristol Exchange Club trophy to be presented for one year to the troop having the greatest percentage of membership and best general appearance. This year a new cup on the same conditions as the Scout troops has been provided for competition among Wolf Cub packs through the co-operation of the Rotary Club of Doylestown.

Awards placed for the afternoon competition will be made in the evening after the parade, in the armory.

## Newportville Needlework Guild Plans First Exhibit

The first exhibit of the Newportville Branch of the Needlework Guild will take place tomorrow afternoon at the residence of Mrs. John Birkey, Newportville, at three o'clock.

Mrs. Henry A. White, of Oak Lane, is expected to be present and address those attending. Mrs. Birkey is president of the Newportville Branch while Miss Helen Black is secretary.

It is hoped that as many individuals as possible from Newportville, Bristol, and the surrounding section, will attend and view the display.

## TWO INJURED AS BUS HITS TRUCK AT OXFORD VALLEY

Entire Side of the Bus Ripped  
Away in The  
Collision

### BLAME IT ON SPEEDING

Motorist Claims He Was Following  
Bus Going 55 Miles  
An Hour

Twelve persons were injured, two seriously, early last night when a Philadelphia Rapid Transit bus collided with a truck on the Lincoln Highway near Oxford Valley. One side of the bus was torn completely away in the crash. Passing motorists helped the victims from the bus and took them to hospitals in Trenton.

Miss Edna Whitney, 24 years old, of 1806 141st street, Indiana Harbor, Ind., and Emanuel Moss, 47 years old, of 1654 East 18th street, Brooklyn, were hurt worst in the crash, and they are being held at St. Francis Hospital, Trenton. The young woman suffered a fracture and deep lacerations of the nose, and abrasions of the upper lip and forehead, and Moss received a compound fracture of the leg and injuries to the face.

Eight others received treatment at St. Francis and two at McKinley Hospital. They were all permitted to leave the institutions.

Howard E. Hughes, of Philadelphia, was the driver of the bus. After passing through Langhorne he came up close behind a truck owned by C. Lawrence Lavine, of Trenton, and operated by Ernest Collins, of 1238 East State street, Trenton. Hughes attempted to pass the truck, but pulled back into the line of traffic when he saw another car approaching. Then as he made the second attempt to go around the machine ahead he struck a partly open door on the truck, and the entire side of the bus was ripped off.

Miss Whitney was thrown against the seat ahead of her and her nose was crushed. One of the seats fell on Moss' leg, and the other passengers and the driver were injured by flying glass and splinters.

One of the injured, Paul Bulla, 33 years old, of 15617 Cossick avenue, Cleveland, who was hurt about the right shoulder, leg and face, told a reporter that the bus was being operated at a fast rate of speed. He declared that Nelson E. Doerr, of 265 Ivy Court, Orange, N. J., told him that before the crash he had been following the bus at the rate of 55 miles an hour without being able to pass it.

"When the crash came," Bulla said, "I simply walked out of the side of the bus where it had been ripped away. Some of the passengers were suffering considerably from shock, but several motorists were on the scene within a short time and gave assistance."

Bulla, a reporter, had been working on a Washington newspaper, and was on his way to Brooklyn, where he had accepted a new position.

The others hurt in the crash and treated at St. Francis Hospital by Drs. Touch, Plann, Flannery and Broderick were:

Henry Pletman, 32 years old, of 188 Linden Boulevard, Brooklyn, puncture wounds of the forehead.

Leo Oppenheimer, 35 years old, of 2244 Creston avenue, Brooklyn, injuries to the right knee and brush burns of the body.

Miss Elsie Footitt, 33 years old, of 636 Pine street, Philadelphia, brush burns of the fingers and right hand and bruises of the right leg and nose.

Miss Maria Riggles, Marion, Pa., bruises and contusions of the body and nose and lacerated lip.

Arthur Sudler, 24 years old, 12 Prospect Place, Brooklyn, lacerations of the scalp, nose, hand and eye.

Mrs. Anna Sudler, 21 years old, Sudler's wife, lacerations and brush burns of the face.

Hughes, the bus driver, of 1925 Howell street, Philadelphia, lacerations of the eye and ear.

Those treated at McKinley Hospital were:

Miss Leah Mills, 20 years old, student nurse at the Graduate Hospital, Philadelphia, contusion and laceration of the head that required one stitch.

R. K. Lall, Filipino, 547 Riverside Drive, New York, contusions of the right elbow, hand and leg.

## FRUITS OF CENSORSHIP

Censorship, like all things, reaps as it sows. Italy, Spain, Russia and Jugoslavia, the four European countries where censorship has been at its worst, are discovering this to their dismay.

The governments of these four countries are bringing every sort of pressure on visiting and resident journalists to send out favorable, or as the dictators term it, "constructive" news. The attempt is futile, and nobody except a despot is so blind to the fact.

No reader with ordinary intelligence, knowing that a system of news censorship is maintained, can be other than suspicious of whatever comes from a carefully guarded country. The result is that he discredits the truth with the untruth.

America has had very little experience with the suppression of news relating to the government and there never has been a check on the writing hand of foreign observers, but there is a certain type of newspaper common in the United States which brings home the dire lesson of censorship. It is the bitterly partisan journal whose hard and fast policy is never to tell the truth about the enemy if it is favorable and never to tell the truth about its own party if it hurts. At such a near-sighted policy accomplishes for the paper is loss of public confidence.

Censorship is a silly business and dictatorships which now seek to justify themselves against hidden criticism are resenting the very thing they invited when they abused their power by censoring news and opinion.

## PROTEST

Organized school teachers are demanding that women teachers be subjected to no special restriction which do not apply to other women. They contend that a teacher ought not to lose her job or be criticized on account of bobbed hair, short skirts, dancing, card playing, movie and matrimony, since these things are not held against other workers of their sex.

The action of the teachers is, in effect, a demand on their part that they be treated with as much respect as is accorded their sister workers in other fields. And the fact that they are not accorded this respect can only be due to the loss of some of the dignity associated with the old-time schoolmarm.

This reduction in the dignity of the profession has been accomplished by a process termed "the raising of standards." Teaching is an art, and standards have nothing to do with the arts. To speak of a "standard" teacher is as absurd as to speak of a "standard" sculptor or a "standard" violinist.

Perhaps the very restriction against which the teachers rebel are not so much studied insults to the profession as pathetic attempts on the part of school boards to restore the old standing of the school teacher. But from the teacher's view point they are arbitrary attempts to standardize and brand the profession, which most public school instructors believe has been over-standardized already.

A lot of men got the knack of putting up an aerial long before they found out how to string a clothesline.

## Tuning in on the Talkies

A LIST of Vitaphone Varieties discloses "Mother's Wash Day" among the titles. If done in natural color its slogan might be:  
"All the tints on a flapper's clothes line."

"The Bridge of Sighs" could involve either dentistry or cards.

Al Jolson's next picture will be titled "Mammy" and will be made from Irving Berlin's earlier stage play, "Mr. Bones." Confirming the claims of an old minstrel song, "Dem Bones Shall Rise Again."

On street or screen, brief skirts make girls look shorter and men look longer.

One of the songs in "Hold Everything" asks the question: "Isn't This a Cock-Eyed World?" It is that; for the possible reason we see it "Through Different Eyes."

For "Double Feature" Day "Other Women's Husbands" "Catch As Catch Can."

"More Pay and Less Work" is a little that carries the germ of a good idea.

"Children of No Importance" generally belong to the neighbors.

More Or Less Important  
Rin Tin Tin is not star of "The Barker."  
"Gottterdammerung" is an opera music lovers swear by.  
"The Patent Leather Kid" has taken a shine to the screen.

Irene Bordoni is one of seventy-seven stars in Warner Bros. "Show of Shows."

George Arliss, in "Disraeli," is the only British Prime Minister remaining in America.

## SCOTTSVILLE LEAGUERS DEFEAT BRISTOL FIVE

In a hard-fought basketball game last evening, Bristol M. E. Epworth League five lost to the Scottsville five in a Bristol Group Epworth League contest. The score was 18-12.

The game was marked by the number of fouls committed, there being over 25 called on each side. None of the players was outstanding in basketball brilliancy.

Bristol was outscored both from the floor, 3 to 1, and from the foul line, 12 to 10.

Score:

Scottsville	goals— field foul	Pts.
Tomlinson f	1 0	2
J. Sennet f	0 4	4
Simons c	2 3	7
Sank g	0 3	3
G. Sennet g	0 2	2
Totals	3 12	18

Bristol	goals— field foul	Pts.
Moss f	0 4	4
Ruehl f	0 2	2
Metcalfe c	1 2	4
Peterson g	0 2	2
Simpson g	0 0	0
Totals	1 10	12

The boys' team will play Hulmeville team at Trevoise Tuesday evening at 8 o'clock.

The Bristol M. E. girls' six lost its first game to Scottsville last night, score 43-23.

### Exchange Club Hears About Bridge Building

Charles M. Jones, assistant chief engineer of the bridge department of John A. Roebeling and Sons, told the members of the Bristol Exchange Club at their regular weekly meeting, last evening, all about the construction of the new Hudson River Bridge, which spans the river from Fort Washington to Fort Lee.

The new bridge is the largest suspension bridge in the world. The

length of its main span is 3,500 feet, and it is twice as long as the Philadelphia-Camden bridge. It has four cables with 61 strands in each cable. The diameter of the cables is 36 inches, and the four main cables contain 105,896 wires. The weight of the four cables is 57,000,000 pounds and the length of each cable is 5,212 feet. The total strength of the main cables is 350,000 tons. Height of towers is approximately 635 feet.

Two reels of moving pictures showed the work thus far completed and gave some idea of the massiveness of the project. The bridge will cost \$65,000,000, and the tolls are expected to pay off the bonds in fifteen years. The towers were started in June 1928, and required one year to complete. The work on the foot bridges, which is the first process in the building of the

bridge, is now completed, and the construction of the main span has begun. The bridge will have two levels, but as soon as the upper level is completed it will be opened for traffic.

Mr. Jones' explanations were interesting and instructive, and the moving pictures were much enjoyed. Thomas Collier kindly supplied the projector for the pictures. Several members of the Rotary Club were present.

Mr. and Mrs. Lewis Force, of Burlington, were recent guests of Mr. and Mrs. Samuel Moore, of Otter street.

Mrs. Frank Newman, of Philadelphia, spent Saturday and Sunday visiting her parents, Mr. and Mrs. Michael Heimbach, of "Fairview Lane."

### Wm. Henry Wink Resigns From Twp. School Board

William Henry Wink, Emille, resigned last night as a member of the Bristol Township School Board. Mr. Wink's resignation was due to the fact that he felt unable to attend the meetings regularly, and he asked to be relieved of his duties. He was elected a school director about one and one-half years ago.

The Board last night transacted only routine business and ordered the regular monthly bills to be paid. The resignation of Mr. Wink was accepted, but no action taken to fill the vacancy thus created.

Mr. and Mrs. Cray, of Philadelphia, were Sunday guests of Mr. and Mrs. Howard Edwards, of Bath street.

"This Was the Medicine I Should Have Had in The First Place," Says Coatesville Man

MR. DANIEL ROCKFORD

"Konjola is the medicine I should have had in the first place," said Mr. Daniel Rockford, 245 Chestnut street, Coatesville, Pa. "For some time I was in a weak and run-down condition, all the result of indigestion that made meals a source of distress instead of a pleasure. It seemed it was impossible for me to get enough sleep, as I always felt tired. I tried medicines and treatments, one right after the other, but nothing did me the slightest bit of good."

"I started the Konjola treatment, and that was the turning point, for quickly I began to improve. Konjola went right to the source of my troubles, sweeping the poisons from my system, regulating my organs and giving me greater strength and energy. In three weeks I was like a different person, free of all my ailments."

Konjola is sold in Bristol at Hoffman's Cut Rate, and by all the best druggists in all towns throughout this entire section.—(Adv.)

## State's Wealth

Pennsylvania has about 1,225,000 children under six years of age and more than 2,000,000 of school age.

Every one of these children that is healthy is an asset.

To instill health habits in these millions of children and to prevent disease among them means conserving the greatest potential wealth of the State.

Great strides have been made in reducing disease and death among young people, yet one disease—tuberculosis—in 1928 took the lives of 692 children between the ages of 5 and 19, inclusive, in Pennsylvania.

On a general average valuation of each child of school age at \$20,000, there was (considering only the monetary side) a loss of \$13,840,000. In addition the loss in schooling cost was at least \$300,000.

Every adult person and every community has a direct responsibility to safeguard and build up the health of children.

The up-to-date community offers the maximum of healthful conditions for children, including pure air and water, safe milk supply, adequate housing and playgrounds, medical care before and after entering school, and official and non-official watchfulness against contagion and for the promotion of health.

The health conservation of children is greatly aided by Christmas Seals.

Thomas C. Martindale, (Ph. N. D.), Noted Dietician of Philadelphia

**"FLAXOLYN WORKS NATURALLY  
ON STOMACH, LIVER, KIDNEYS  
AND BOWELS," SAYS MARTINDALE**

"As the director of the Martindale Health House," states Thomas C. Martindale, Philadelphia's celebrated radio health lecturer and diet authority, "I have heard such glowing praise and have seen such vast improvements since my health-followers have taken the pleasant new vitaminized Flaxolyn, that I could hardly believe my eyes and ears, in many cases. Really there is nothing much more I can say about Herbal Flaxolyn. It is the best preparation I could possibly recommend to health-seekers."

Thomas Edwin Eldridge (M. D.)  
Philadelphia Specialist in Blood and Nervous Diseases

**DR. ELDRIDGE DECLARES: "NO OTHER  
MEDICINE IN ALL HIS YEARS AS A  
PHYSICIAN, EVER EQUALLED FLAXOLYN"**

Forty years' experience in the treatment of organic, blood and nervous diseases has convinced Dr. Eldridge that patients suffering from nervousness, loss of appetite, vertigo, auto-intoxication or chronic constipation should quit the use of drastic drugs.

"I advise the use of new vitaminized Flaxolyn," says Dr. Eldridge, "because it is one of Nature's most valuable and efficient herb remedies. I find that it tones the vital organs while acting as a healthful sedative to the entire nervous system; and what is best of all, it leaves no bad or distressing after-effects."

**LONDON HEALTH CENTRE LAUDS AMAZING  
FLAXOLYN DISCOVERY FOR CONSTIPATION**

On this page are but a few of the great number of statements from doctors, dieticians and also from men and women who have personally taken Flaxolyn with such huge success. These people live right here in Philadelphia and its suburbs. You have been reading their sincere messages in this paper. Letters have also come from the far ends of the world, to tell how Flaxolyn has been of help in treatment of such symptoms as dizzy spells, poor digestion, restless sleep, poor action of the liver, heartburn, bloating and other similar disturbances caused by constipation gases. From London, England, we now learn that men and women all over the British Empire are using Flaxolyn with the same fine results obtained by our folks here.

Dr. Edgar J. Saxon, head of the London Health Centre, says: "Flaxolyn has become a tremendous success in England. People like it because it is natural in its action. It brings a rosy glow of health to the body that has been worn out by toxic poisons."

## MONEY-BACK GUARANTEE

It is absolutely guaranteed in writing that Flaxolyn will help all cases of general exhaustion, biliousness, sleeplessness, headaches, backaches, dizzy spells, due to constipation gases—or Druggists refund the purchase price.

Every reader of this paper who would like to feel better, eat better, sleep better and look better, can obtain a bottle of the wonderful new vitaminized herbal Flaxolyn on this liberal offer: That if Flaxolyn does not bring satisfactory results by the sixth spoonful, you may bring back the partly used bottle and have the full purchase price refunded!

Flaxolyn contains nothing that can hurt you, and it may prove to be the means of bringing joy to your existence.

Don't wait. Start taking Flaxolyn. The pure harmless ingredients are printed right on the package. You will feel the tonic change at once. You will enjoy renewed vigor, a new and better grip on life.

CLIP THIS AS A REMINDER — NOW!

Many drug stores in Pennsylvania, and Hoffman's Cut Rate Store, Mill Street, Bristol, not only carry Flaxolyn, but recommend it as "Nature's Own Health Formula" . . . created by a Philadelphia physician and openly endorsed by doctors from Philadelphia to San Francisco.

### Universal Credit Company Announces A Reduction

Officials of the Universal Credit Company, which is associated with Ford Motor Company for the exclusive purpose of financing purchasers of Ford products on a time basis, issued the following information to Thomas A. Collier, local Ford dealer.

The reduction in financing costs announced on November first by the Universal Credit Company, were made in conformance with Ford policy to contribute towards the continuation of good business throughout the country, and in contemplation of lower money costs to them as a result of the general softening of money rates.

The reduction amounts to from 8 to 15 per cent of previous financing costs on a general average over previous costs for the same model car, and appreciable savings are possible in all territories, depending upon the amount of the unpaid balance, the number of months the transaction is to run and the amount of the reduction in the price of the particular Ford car purchased.

Universal Credit Company was organized in February of 1928 and began operations on June 1st of last year when the first branch of the organization was placed in operation in the City of Detroit. In 1928, 35,000 purchasers of Ford products took advantage of the economies of this finance plan, with a resulting volume of business amounting to \$15,000,000.00.

During 1929, which is the first complete year of the company's operation, nearly 500,000 customers will avail themselves of this economical plan and a total volume of business of nearly \$225,000,000.00 will have been handled in the twenty-five branches of Universal Credit Company which are now in operation.

An official of the company, in outlining the purposes of the organization, said:

"Universal Credit Company is a specialized financial institution created to provide uniform and authorized time payment plans at low cost for the purchase of Ford products on an installment basis. The company in the first year of operations just closed has made sound and gratifying progress. The reception accorded the Authorized Ford Finance Plans by the public and Ford dealers in the territories where branch offices have been established is without precedent.

"The purpose is to reduce the cost of credit to the individual who buys on time, commensurate with sound business policies. This reduction in the cost of credit is made possible by the many economies that arise from the operation of an authorized plan, on the basis of nation-wide volume, and deal-

ing exclusively with the Ford dealer organization. Simplicity of forms, special bookkeeping and statistical machinery and general uniformity of procedure all under centralized control and management, are constantly contributing to cut these costs.

"This cost of credit is just as vital as the cost of any of the material that goes into the building of the automobile. It is in every sense a commodity which becomes a part of the completed article before it is ultimately sold to the public.

"Thus, the Universal Credit Company's new low finance charges are equivalent to a further reduction on the Model A car and other Ford products.

"If industry is to continue to create products, they must be consumed. To make this consumption possible by the wage earner who helps create the product, the manufacturer presents low cost finance plans and makes available credit where credit is due. A sound installment plan is now one of the necessary elements of our modern business system and is so recognized.

"The institution of installment selling has contributed a monumental share in the development of industry. The cost of credit to the consumer is of paramount importance to prosperity and to the individual. In the operation of the Universal Credit Company, we

are always aiming at lower costs, broader markets, and higher standards for the specialized banking field in which UCC has embarked. Through these lower costs for financing service, the use of motor cars is made available to that great section of society who most benefit by every economy. With these ideals of service paramount in mind, Universal Credit Company is making a contribution to the economic and social phases of American life."

### Early Applications Bring Low License Numbers

Claud S. Wetherill, of 1520 Farragut avenue, with A-527, and John J. McGuckin, a former resident here, with A-189, are two motor car owners whose early application for 1930 automobile license brought them low numbers.

Advices from Harrisburg today are to the effect that Pennsylvanians as usual are "holding back" their applications for 1930 plates. During December nearly 1,250,000 owners must make applications for tags if all Pennsylvania cars are to be in operation January 1. Under the law next year's tags may be used on and after December 15 and hundreds of "early birds" in this section of the state are eager to display the very low numbers

which their early applications brought them.

The 1930 plates follow a new system. Since 1906, when State licensure began, tags have borne only numerals, but next year numerals and letters will be used. Under the old system 15-inch tags were very common, six numerals making that length necessary, but the largest plate in 1930 will be 12 inches long and thousands only 10 inches. Four hundred plates will bear only two letters, with no numerals.

"While it is a little late to be making early application for license tags," said Commissioner Benjamin G. Eynon of the Motor Vehicles Bureau at Harrisburg today, "there is still time

for Pennsylvanians to assure themselves that their machines will not be 'hung up' Jan. 1. Rest assured, there will be no extension of time for the use of old plates."

Demonstration free of charge. Will wave the hair in your own home by appointment.  
Mlle. Renee Duval says of this waver:

"For years American women touring France have marvelled at the French woman's beautifully marcel-waved hair. Even Paris shop girls looked like hair dressers' models. But the secret has been guarded with great care — both the hair dressers and the women of France were jealous of this quick and easy method of marcelling hair. But, finally, I bring this secret of a perfect marcel wave in 12 minutes at a cost so small that every woman and girl can well afford it. And the great beauty of the MARCELWAVE is that any woman or girl can use it in the privacy of her home and so save the high cost of the professional hair dressers' service."
